re layout behind water supply

Drawn

1) The report is submitted for perusal

2) The chairman was requested in this office letter No. L 12489/B.T.B. 1-52-158 dt. 8-1-55 to examine whether it is desirable to revise the scheme in order to see that the scheme is taken up more as a slum ~~clearance~~ improvement scheme rather than slum clearance scheme

flag Y (page 19 of the selection)

2) The chairman says that it is not possible to execute the scheme as an improvement scheme & the area has to be acquired to improve the locality.

3) The original scheme was sanctioned in Oct 51 based on the estimates prepared previously. It is perhaps not advisable to acquire the properties as suggested by the chairman before the estimates are got prepared again based on the present ruling conditions, as the rates fixed in 1957 cannot be the same now. Moreover, the cost of water supply is increased by 100% now. In these circumstances, the chairman may perhaps be requested to have revised estimates prepared

He may also be requested to examine & suggest whether this scheme may not be included in the programme of the works prepared by the corporation for improvement of slums in Bangalore to get the cost of which the central govt have been requested to provide money in the shape of loan. After the receipt of revised proposals as above and after sanction is accorded, the question of acquiring properties may perhaps be considered.

Letter No. A 2 P R 194/53-4 dt 26/27-4-55 from the chairman Bangalore Town Board on the subject

1) The chairman's letter dt 27-4-55 (1+4) is submitted for perusal. The total cost of the scheme is estimated at Rs 1,37,000 against which a sum of about Rs 1,34,000 is expected to be realised from 44 sites (exclusive of 8 odd sites), if the rate is fixed at Rs 15/- per sq yd. The cost will be met out of the amounts given as advance.

2) In his letter dt 14-2-55 (page 1), the chairman reported that the scheme has to be dealt with as one of slum clearance and the open spaces after slum clearance have to be earmarked for being formed into sites for settling displaced persons. He says (item 5 page 4) that the displaced persons of S.V Krishnayya Road are proposed to be accommodated in this layout. The people occupying the area and who will be displaced consequent on the execution of the scheme are poor people. Their interest cannot perhaps be ignored and they should perhaps be given first preference. The chairman has not given any definite opinion on this point. The perusal and orders with reference to para 4 of the notes

has shown in the layouts that on account of the increased cost for acquisition and water supply work, the estimates for layouts have been revised resulting in huge additional expenditure in Sankenahalli extension, the Board has incurred loss consequent on the revision of the estimate for pressure water. Hence the chairman may be requested to have an estimate prepared having regard to the present rates for all items of work, after consulting the water supply Division in respect of water supply work & having regard to the particulars of the lands proposed to be acquired for the scheme.

(19) The declaration statements received shows that certain lands belong to Govt depts. We need not include these lands in the Y. statements for publication. We has to indicate clearly the depts to which the property belongs and arrange to take possession in consultation with the concerned depts by paying the necessary cost

20) The area is a slum area. The scheme is proposed to be taken up both for slum clearance and for finding sites to the displaced persons of R V Krishna Iyengar Road scheme of late, the policy adopted is not to clear slums but to improve them it would be a problem to remove the dwellers from the area if they are not provided sites elsewhere, as in the case of the residents of Gangasandra where for whom sites are provided in Sampigehalli layout it is perhaps desirable to take up simultaneously a scheme for finding sites to the poor residents of the area The Chairman may be consulted on this proposal

21) Proposals in paras 18, 19 & 20 are for sewer

Ms 17/2

22) This is a scheme for improvement of a Slum area The previous chairman Sri D.R. Chandrasekaraiah sent a report stating that the unauthorised huts which have sprung up in the locality are so numerous and irregular in shape and size that it is impossible to adopt any measure to regain the existing huts and improve the locality and

that the Sites have to be formed after removing the huts and that the displaced persons of B.V. Krishna Iyengar Road have to be accomodated in Kempambudhi Gardens also (Vide Chairmans letter dated 14-2-55 Page 1)

23) The total cost of the Scheme is Rs 1,37,000/- and the total number of Sites to be formed is as follows

(1) 23 Sites of 40'×60

(2) 21 Sites of 30 × 40

(3) 8 odd Sites

52

24) It was also reported that the Sites after formation would fetch Rs 15/per Sq yd (Vide Chairmans letter dated 27-4-1955 Para 4)

25) The Chairman was requested to inspect the area alongwith the members of the BD and examine whether it is possible to get Rs 15/- Per Sq yd The BD inspected the locality and said that it is possible to get Rs 15/- per Sq yd.

25(a) When Compared to the other Slum improvement schemes this Scheme Costs Comparatively less, the estimated Cost being Rs 1,37,000/- only When the BD

have inspected the area and given their opinion that it is possible to get Rs 15/- per sq yd, we have to accept their opinion finally in matters of Slum improvement, there should not be any delay. Such Schemes will help hundreds of people living in Slum areas Therefore the Scheme may be sanctioned for Rs 1,37,000/-

The Chairman will be instructed to omit govt lands from the declaration Statements He will also be advised to select a suitable place for immediate residence of the displaced persons, So that they may not be allowed to create another Slum area in any open place In the place so selected, the hutdwellers may be allowed to put up their sheds in a line leaving off sufficient space for Roads. If necessary Such place may be acquired and a suitable ground rent recovered from them

Sir,

Subject:- Layout behind Water Supply Division.

With reference to your letter No.L.12489/I.T.B.1-52-158 dated 8-1-55 regarding the above, I write to state that the question of taking the work and under Slum Improvement, has been examined in great detail and it is found that the unauthorised ~~tioned~~ hutments which have sprung up in the locality are so numerous and irregular in shape and size that it is impossible to adopt any measures to realign and improve the locality.

In this connection I wish to invite your kind reference to the proceedings of the meeting held on the 28th ultimo in the chambers of the Chief Minister in connection with the formation of a road from Seshadri Road to Mysore Road through Arcot Srinivasachar Street, according to which the displaced persons of B.V.Krishna Iyengar Road have to be accommodated in Kenchappa Gardens also.

In these circumstances it is felt that this scheme has to be dealt with as one of slum clearance and not of improvement and the open spaces after Slum Clearance have to be earmarked for being formed into house sites for settling displaced persons.

I therefore solicit orders of Government for according sanction to the Acquisition of these Survey Numbers, as shown in the Declaration Statements herewith enclosed.

Yours faithfully,

Sir,

Subject:- Layout behind Water Supply Division (Kenchappa Gardens).

Ref:- Your letter No.L.652 dated 13-4-56.

With reference to the above I write to state that this scheme was thought of mainly to accommodate the displaced persons of B.V. Krishna Iyengar Road which is separately under correspondence with the Government. The present estimate for Rs. - - 1,37,000/- does not include provision for providing sites to the displaced persons of this area viz., Kenchappa Gardens. I invite page(1) your kind reference to penultimate para of my letter dated 12-2-55 on the subject that this scheme has to be dealt with as one for Slum Clearance and not for Slum Improvement Scheme, to secure open spaces to be earmakred for being formed into house sites for settling displaced persons. The area has developed into a big slum and it would not be possible to accommodate all the displaced persons of this area most of whom are hut-dwellers in the present layout. This is a question to be dealt with separately at the time of dispossessing them while taking possession of the area. The displaced persons of this area will be provided with sites and given preference provided they pay the rate fixed for these sites viz., Rs.15/- per Sq.Yd. No reduction in this behalf can be shown if the scheme has to be implemented on self supporting basis.

Yours faithfully,

I am directed to state that the Cost of the Scheme will be much more if the displaced persons have to be provided with suitable site. Without providing housing Accommodation for the displaced persons it may not be practicable to implement the scheme. If the plan is selected, the hut-dwellers may be allowed to prop their sheds or construct homes in a line leaving sufficient space for roads. If necessary such plan may be acquired and a suitable ground rent recovered from them

In the light of the above observations I am to request you to send revised proposals with indication as to how the cost on account of re-habilitation of displaced persons could be met.

With reference to the above, I write to enclose herewith a copy of the note on the subject submitted to the Chief Minister at the time of meeting held in his Chambers on 20.7.56.

Regarding the point raised in the last para of your letter dated 22-6-1956, regarding the source of meeting, the cost for rehabilitating the displaced hut dwellers, I am to state that the Trust Board cannot afford to meet the cost of rehabilitatin them. Such of them who are agreeable to pay necessary rent of Rs.3/- to Rs.4/- p.m. will be provided with sites in the layout formed by the Board in Magadi Road, where small plots suitable for hutmens could be made available.

N O T E O N THE LAYOUT BEHIND WATER SUPPLY DIVISION (KENCHAPPA GARDENS), Bangalore

++++

It is proposed to clear the slum of Kenchappa Gardens and with this in view a scheme for the formation of a layout in the area was got up at an estimated cost of Rs.~~1,37,000/-~~ 1,30,000/- It is proposed to form 52 sites of which 23 sites will be 40'x60', 21 sites of 30'x40', the remaining 8 sites will be of varying dimensions. The cost of the sites works out to Rs.15/- per sq.yd. inclusive of acquisition and layout charges. There are about 418 huts and six buildings with Mangalore tiled roofing, existing in the area and they are huddled up in most irregular fashion. As the number of sites proposed to be formed are only 52 sites, it will not be possible to accommodate all the persons in the area, some of them will have to be shifted to a convenient place, not far away from Kenchappa Gardens.

Most of them may not be able to pay a rate of Rs.15/- per sq.yd. Such of them who are better placed in life and who are willing to pay Rs.15/- per sq.yd. or the actual cost incurred by the Board, will be provided with sites in this area and rest will have to shift themselves to the layout formed by the Board in Magadi Road, where small plots suitable for hut ments could be made available on payment of actual rent of Rs.3 to 4 per month. This scheme has been prepared keeping in view of the Letter No.L.5158/I.T.B.17-55-20 dated 22-6-56 from the Secretary to Government, Education and Local Self-Government Departments.
